Subject: ABPO rule/asbestos SNUR

Attached is the writeup for the asbestos SNUR that more directly addresses, in revised preamble text, the interrelationship between the ABPO rule and the asbestos SNUR

Ex. 5 Attorney Client (AC)

One outstanding issue needing OPPT's input is

Ex. 5 AC/DP

Ex. 5 AC/DP

Ex. 5 AC/DP

We'd like to

understand how OPPT envisions the process operating so we can identify any issues and suggest language or edits that may be necessary to implement the option.

As I think you know, Erik and Nancy seem anxious to see the preamble revisions and the related new reg text. Nancy also just sent to many of us an email asking if the interrelationships could be captured in a Venn diagram. I will defer to OPPT on working something like that up. In the meantime, if you are okay with the attached document, please feel free to send this on to Erik and Nancy (and, I believe, Charlotte). If you would rather that we in PTSLO send it to them, please let me know that. In terms of the outstanding issue identified above, I will leave it up to you as to whether that is something you want to nail down before sending the writeup forward.

If you have any questions or if there is a need to discuss any of this, please let me know. Thanks, Chris
